Students completing within 150% of program length (21 months).**

Entry cohort	Nov. 2023	May 2024	Sept. 2024	Jan. 2025	Combined
150% rate	51.9%	70.0%	57.1%	37.5%†	54.2%†
Completed / enrolled	14 / 27	7 / 10	8 / 14	3 / 8	32 / 59

* NCLEX-PN rates are transcribed from the supplied Connecticut Department of Public Health information. The 2026 entry is shown as not available; candidate counts are not yet available.

** Cohort labels identify when students began the program. On-time completion follows the workbook's documented graduation dates and excludes repeaters from the numerator. Both measures use the same census cohort denominator; eligible repeaters are included in the 150% numerator. Combined rates are based on total counts, not averages of cohort percentages.

† The January 2025 cohort's 21-month follow-up period ends October 20, 2026. Its 150% rate and the combined 150% rate are preliminary, as identified in the supplied workbook.
